

¿DID YOU KNOW SATUS IS A SIGNATORY MEMBER OF THE UNITED NATIONS GLOBAL COMPACT?

¿BUT WHAT IS IT ABOUT? <https://www.unglobalcompact.org/>

It is an international initiative that promotes the implementation of 10 Principles aligned to **sustainable development in the areas of human rights and business, labor standards, environment and the fight against corruption in the activities and business strategy of Companies.**

Endorsed by the CEOs of the companies that comprise it, the Global Compact is a practical framework to develop, implement and disseminate business sustainability policies and practices

Since 2018 SATUS adheres to the 10 principles, developing them within its sphere of influence and materializing them in the company's strategy, culture and daily actions.

A key requirement to participate in the Global Compact is:

- The **annual sending of a Communication on Progress (COP)** that describes the practical measures (for example, the disclosure of policies, procedures, activities) that Satus has taken to implement the principles of the Global Compact in each of the four areas thematic (human rights, standards, environment, fight against corruption) and
- A **measurement of the results** (i.e. the degree to which the objectives/performance indicators were met, or other qualitative or quantitative measures of the results)

Regarding the Sustainable Development Goals (SDGs) **Satus focuses its efforts** within its sphere of influence, relying on the following:

SDG 3: Health and Well being

SDG 4: Quality Education

SDG 12: Responsible Consumption and Production

SDG 13: Climate Change
